NEW PRODUCT: 50-996, 50-997, 50-998 Honda Adapter Kit

50-996
4-lug
Fit, Insight, Integra,
older Civics

50-997
4- and 5-lugs
MDX, RDX,
Accord, Civic,
Pilot, other
models

50-998
5-lug
MDX, RDX, Accord,
Civic

As part of a recent partnership with Honda, Pro-Cut has released three nickel-plated, direct-fit adapters designed specifically for Honda vehicles. Every Honda store that purchases a lathe from Pro-Cut will be required by Honda to purchase this adapter kit. The kit can be packaged with the new lathe purchase or bought separately from the local rep or from the Pro-Cut website.

The 3-adapter package includes the **50-996** which is a 4-lug, direct-fit design and is used with the Fit, Insight, Integra, and older Civics. The **50-997** includes both a 4- and 5- lug pattern, and is used with the MDX, RDX, Accord, Civic, Pilot, and other models. The **50-998** is a 5-lug adapter, and is used with the MDX, RDX, Accord, and Civic.

Note: If you are a Honda shop that works on more than just Honda vehicles, you'll need to purchase additional adapters.

Contact the Pro-Cut Service Department at 800.543.6618, Prompt #2, with any questions.
